Express JS • AWS Solution Architect

Familiar:

MongoDB • PHP • Android • MySQL

## EXPERIENCE

### TEACHNOOK, IIT BHUBANESWAR | SOFTWARE ENGINEER TRAINEE

Jan 2023 - Mar 2023 | Bhubaneswar

- Gained comprehensive web development skills through a collaborative training with IIT Bhubaneswar and Teachnook, mastering both frontend and backend technologies.
- Developed a live weather forecasting app and a file sharing website, showcasing practical expertise in full-stack development.

### CODETANTRA | JAVA DEVELOPEMNT INTERN

Oct 2023 - Apr 2024 | Khurda

- Mastered Java OOPS, AWT, data structures, arrays, events, constructors, and JDBC through intensive coding projects during my internship at CodeTantra.
- Created an engaging quiz game using Java AWT, showcasing skills in GUI development, event handling, and project execution.
- Demonstrated strong problem-solving abilities and a deep understanding of software engineering principles.

## PROJECTS

### JOB SEEKING WEB APPLICATION | MAJOR PROJECT

Mar 2024 - June 2024

- Empowering HR professionals with a seamless experience, our platform allows effortless profile creation and job posting, connecting them with a vast network of talented candidates.
- Job seekers enjoy a user-friendly interface to discover and apply for jobs, with applications reaching HR directly, ensuring a streamlined hiring process.
- Upon candidate selection, appointment letters are instantly generated and sent to HR, accelerating the onboarding process and boosting overall efficiency.

### BANKING MANAGEMENT APP | ANDROID PROJECT

Dec 2023 - Mar 2024

- Seamlessly manage all your banking needs in one app, offering a comprehensive suite of financial services at your fingertips.
- Experience effortless banking with instant access to account management, transactions, and customer support, all within a sleek and intuitive interface.
